Why Choose Red Phase Instruments?

Quality guaranteed

Red Phase Instruments use quality parts and delivers superior workmanship at every stage of the design and assembly process. That is why we're offering an extended warranty on our Series 406X current injection system.

Reliable and responsive

We know our instruments are the industry's most reliable. But that's only part of the story. We also provide a technical support service that's centred around our small, closely-knit product development team who can solve problems swiftly and competently.

Smart unique features

Exclusively designed to meet the demands of test professionals for increased efficiency and control, our Series 406X injection products have smart, modern features that you won't find anywhere else.

Surprisingly affordable

Earth / Ground test professionals deserve to have a Series 406X current injection unit. Our latest 1800 VA product is priced affordably so you can have the best at an easily recoverable cost.

In expert hands

When you purchase a 4062 & 4063 you know that you're getting the very best from the leading manufacturer in Earth and Ground Systems test equipment. Red Phase won't let you down, so act now to secure yours.

Call Now: +613 9877 6988
